

TIG Inbound Game License
Version 3.0, July 2025
<https://tig.foundation>

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"Algorithmic Method" shall mean the algorithmic method embodied in the Work.

"Licensable" shall mean having the right to grant, to the maximum extent possible, whether at the time of the initial grant or subsequently any, and all, of the rights conveyed by this License.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 8 of this document.

"Licensor" shall mean the copyright owner or, person or entity authorised by the copyright owner to grant the license to the copyright in the Work in accordance with Section 2 of this License.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Patent Claims" of a Submitter shall mean any patent claim(s), including without limitation, method, process, and apparatus claims, in any patent Licensable by such Submitter that would necessarily be infringed, but for the grant of the License, by the making, using, selling, offering for sale, having made, import, or transfer of the Work alone or by combination of the Work with other software submitted to TIG by Submitter with the Work.

"Permissive License" shall mean any license agreement which is compatible with the terms of all of: **(i)** the TIG Game Outbound License; **(ii)** the TIG Open Data License; and **(iii)** the TIG Commercial License. [examples include MIT, BSD, and Apache software licenses]. A license shall be compatible with another license if code licensed under the original license can be merged with code licensed under the new license whilst still complying with the terms of the original license.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Submitter" shall mean the person or entity that submits the Work to TIG in accordance with the TIG Game Rules.

"TIG" shall mean The TIG Foundation, a Swiss association established and registered in Switzerland with a registered office at Gartenstrasse 6, 6300 Zug, Switzerland its successors and assigns.

"TIG Game Round" shall mean the number of days specified for each round of the innovation game as specified in the TIG Game Rules.

"TIG Game Rules" shall mean the rules published from time to time at <https://github.com/tig-foundation/tig-monorepo/tree/main/docs/agreements>

"TIG Innovator Outbound Game License" shall mean the TIG Innovator Outbound Game License v3.0 and later versions copies of which can be obtained at <https://github.com/tig-foundation/tig-monorepo/tree/main/docs/licenses>

"TIG Benchmarker Outbound Game License" shall mean the TIG Benchmarker Outbound Game License v3.0 and later versions copies of which can be obtained at <https://github.com/tig-foundation/tig-monorepo/tree/main/docs/licenses>

"TIG Commercial License" shall mean the TIG Commercial License v3.0 and later versions copies of which can be obtained at <https://github.com/tig-foundation/tig-monorepo/tree/main/docs/licenses>

"TIG Open Data License" shall mean the TIG Open Data License v3.0 and later versions copies of which can be obtained at <https://github.com/tig-foundation/tig-monorepo/tree/main/docs/licenses>].

"Work" shall mean the work of authorship, whether in Source, Object or other form, made available under the License, as indicated by a boilerplate notice that is included in or attached to the work [an example is provided in the Appendix 1 below].

"UAI" shall mean an identifier assigned to an algorithmic method by TIG.

2. Grant of Copyright License. Subject to the terms and conditions of this License, Licensor hereby grants to TIG a perpetual, worldwide, non-exclusive, no charge, royalty-free, irrevocable copyright license to reproduce, sublicense, and distribute the Work in Source or Object form under the terms of any, or all of; **(i)** the TIG Innovator Outbound Game License; **(ii)** the TIG Benchmarker Outbound Game License; **(iii)** the TIG Open Data License; and **(iv)** the TIG Commercial License.

3. Grant of Patent License. Subject to the terms and conditions of this License, Submitter hereby grants to TIG a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable patent license under the Patent Claims of Submitter, to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work and any code submitted to TIG by Submitter with the Work, including the right to sublicense and distribute the Work and any code submitted to TIG by Submitter with the Work in Source or Object form under the terms of any, or all of; **(i)** the TIG Innovator Outbound Game License; **(ii)** the TIG Benchmarker Outbound Game License; **(iii)** the TIG Open Data License; and **(iv)** the TIG Commercial License.

4. Submitter Representations and Obligations. Submitter represents that Submitter is legally entitled to grant the above licenses and that, to the best of Submitter's knowledge, the Work does not infringe any rights of a third party.

Submitter agrees that any code which is submitted to TIG which is an original work of authorship in which the copyright is owned by Submitter, **shall be submitted to TIG under the terms of the TIG Inbound Game License.**

Submitter agrees that any code which is not a work of authorship in which the copyright is owned by the Submitter and which is received by Submitter under a license which does **not** permit relicensing under the terms of the TIG Inbound Game License shall be submitted to TIG under the terms of a Permissive License (where a "Permissive license" means any license agreement which is compatible with the terms of all of; **(i)** the TIG Game Outbound License; **(ii)** the TIG Open Data License; and **(iii)** the TIG Commercial License. (examples include MIT, BSD and Apache software licenses). A license shall be compatible with another license if code licensed under the original license can be merged with code licensed under the new license whilst still complying with the terms of the original license).

Submitter agrees that any code which is not a work of authorship in which the copyright is owned by the Submitter, and which is received by Submitter under a Permissive License which permits relicensing under the terms of the TIG Inbound Game License, **shall be submitted to TIG under the terms of the TIG Inbound Game License.**

Where the Work embodies an algorithmic method or an algorithmic method substantially similar to the algorithmic method, licensed under the TIG Innovator Outbound Game License, Submitter will faithfully reproduce the UAI associated with that algorithmic method in the boilerplate notice for the Work.

5. TIG Licensing Undertaking. In consideration of the submission of the Work to TIG under this License by Submitter, TIG shall publish and make each Work submitted to TIG by a Submitter available under the TIG Innovator Outbound Game License and the TIG Benchmarker Outbound Game License at the start of, but no sooner than, the Game Round after the next complete Game Round following the Game Round in which the Work was submitted by Submitter to TIG. At the same time as TIG publishes and makes the Work available under the TIG Innovator Outbound Game License and the TIG Benchmarker Outbound Game License, TIG shall also publish and make the Work available under the terms of the TIG Open Data License and the TIG Commercial License.

Where the Algorithmic Method has an existing associated UAI, TIG will faithfully reproduce the UAI associated with that Algorithmic Method in the boilerplate notice for the Work in the TIG Innovator Outbound Game License.

Where the Algorithmic Method does not have an existing associated UAI, TIG will assign a UAI to the Algorithmic Method and include it in the boilerplate notice when licensing the Work under the TIG Innovator Outbound Game License.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall Licensor or Submitter be liable to Licensee for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if Licensee or Submitter, as the case may be, has been advised of the possibility of such damages.

END OF TERMS AND CONDITIONS

APPENDIX 1: How to apply the TIG Inbound Game License to your work.

To apply the TIG Inbound Game License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

Copyright [*year copyright work created*] [*name of copyright owner*]

Identity of Submitter [*name of person or entity that submits the Work to TIG*]

Identity of Creator of the Algorithmic Method [*person or entity attributed with creating the Algorithmic Method (if known)*]

UAI [*UAI number (if any)*]
